V. PLAN REVIEW REQUIRED

Have plans been submitted? (See below for plan review requirements before completing this section) YES _____ NO _____ NOT REQ _____

Plans are not required for the following:

1. One-and two-family dwellings containing not more than 3,500 square feet of building area, and a service of less than 400 AMPs.
2. Alterations and repair work determined by the building official to be of a minor nature
3. Work completed by a governmental subdivision or state agency costing less than \$15,000.00

If work being performed is described above, answer Section IV. "Not Required."

Plans are required for all other building types and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to Act No. 299 of the Public Acts of 1980, as amended, and shall bear that architect's or engineer's signature and seal. **PLANS MUST BE SUBMITTED BEFORE A PERMIT CAN BE ISSUED.**

VI. APPLICANT SIGNATURE

Section 23a of the state construction code act of 1972, 1972 PA 230, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of section 23a are subjected to civil fines.

Signature of Licensee or Homeowner	Print Name Legibly
Witness Signature and Title	Date

VII. HOMEOWNER AFFIDAVIT

I hereby certify the electrical work described on this permit application shall be installed by myself in my own home in which I am living or about to occupy. All work shall be installed in accordance with the Electrical Code and **shall not be enclosed, covered up**, or put into operation until it has been **inspected and approved** by the Electrical Inspector. I will cooperate with the Electrical Inspector and assume the responsibility to arrange for necessary inspections.

Signature of Homeowner	Date
Witness Signature and Title	Date

VIII. INSTRUCTIONS FOR COMPLETING APPLICATION

GENERAL: Electrical work shall not be started until the application for permit has been filed. All installations shall be in conformance with the Electrical Code. No work shall be concealed until it has been inspected. When ready for inspection, use "Request an Inspection" link from our website or call the inspection line at (734) 466-2802, a minimum of one business day advance notice required. You will need the JOB LOCATION AND PERMIT NUMBER.	Expiration of Permit: A permit remains valid as long as work is progressing, and inspections are requested and conducted. A permit shall become invalid if the authorized work is not commenced within six months after issuance of the permit or if the authorized work is suspended or abandoned for a period of six months after the time of commencing the work.
